

Help Draw Others In: Be a Social Magnet for The Big Leap Campaign

Help Others Take a Big Leap Forward

A special 29-day Leap Year campaign to help kids and families take big leaps forward for better futures for themselves and the community.

What's involved in being a Big Leap Social Supporter?

- At least 2-3 times during the campaign's 29-day window, Feb 1 - 29, snap a picture or take a personal video of a dramatic, fun or viral-worthy leap. Share it to your Facebook and/or Instagram page and tag Heart of Indiana United Way and mention The Big Leap campaign.
- After your friends and followers see two or three photos, they'll be anxious to know the story behind the photos, and you can use that curiosity to invite them to give.
- Every time someone Likes/Hearts/Favorites your post, send them a direct message and ask them to make a donation to The Big Leap.

(Sample posts and messages on back side)

Want to make a bigger social splash?

Consider creating your own **BIG LEAP** that others can make donations in honor of and support the campaign in the process. Could be jumping into a pool, doing a leapfrog race, leaping from a plane or even attempting the longest leap in a kangaroo costume. The choice is yours.
